32M offers the latest innovation in office break rooms. Micro Markets move the breakroom beyond vending machines to provide hundreds of additional product choices to your employees.

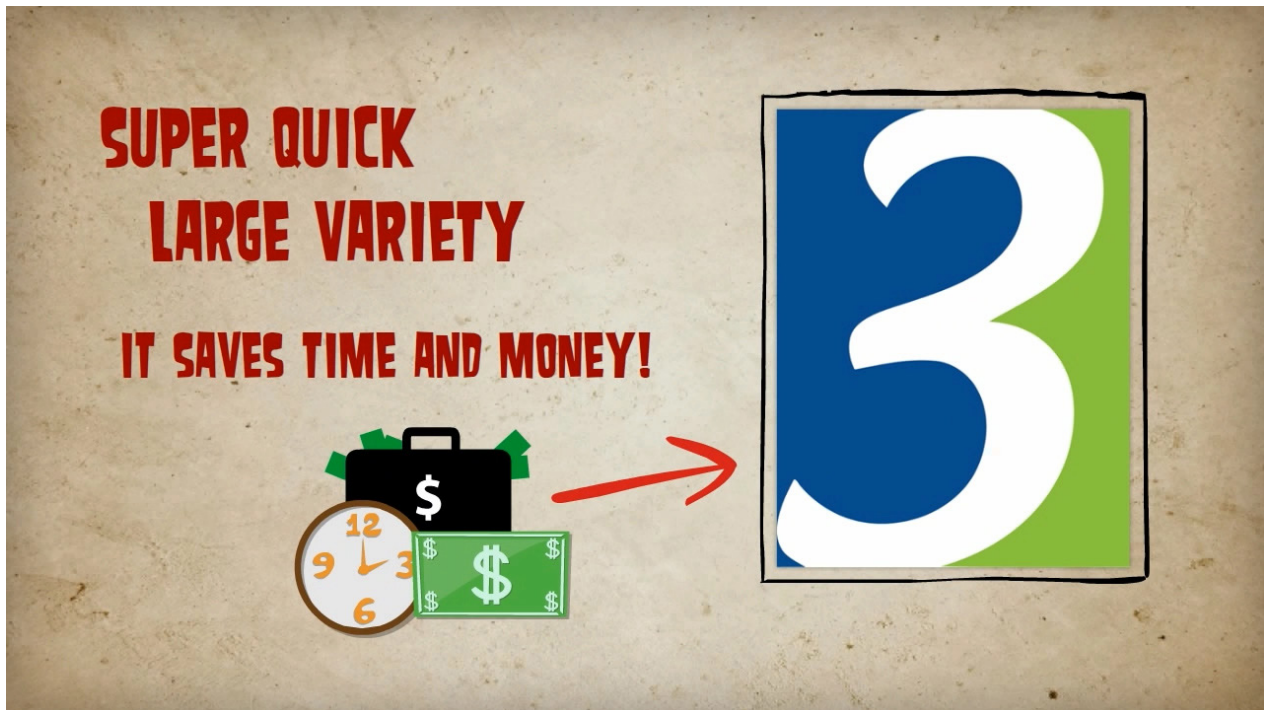

Utilizing a state-of-the-art self-checkout kiosk, our Micro Market transforms your breakroom into a small store. While some people don't like the snack products in a typical vending machine, there is something for everyone in a Micro Market.

Micro Markets help keep your trained and valuable staff happy. The added convenience, variety and freshness feel like a perk to employees when they upgrade from traditional vending.

Multiple Payment Options

Three Square Markets use a revolutionary self-checkout kiosk designed specifically for use in business and industry convenience stores.

Customers simply pick out the items that they would like to purchase, scan the UPC symbol at the kiosk and pay for them using one of three methods:

Credit Card - MasterCard and Visa accepted

Market Accounts - Cash, credit or debit can easily be added to the 32M Market Accounts

Cell Phone App - Use individual smartphones to purchase items from the market using the Market Account. Faster and more efficient than standing in line.
